Subject: MDS Revised Budget

Loreen:

Attached is the revised budget that I received from MDS. I have taken the hourly break-out previously received and reorganized it to be consistent with the budget as it currently split (excepting overhead costs). Please review and let me know if you have additional questions.

FYI - I confirmed with Kim Shoaff that the investigator meeting expenses in phase 1 will actually be zero since no travel was required (King of Prussia is near Philadelphia). As the revised budget was .pdf, I have not corrected it to reflect this.

Further to my conversation with Kim this afternoon, they are working on supplemental text related to detail for the tasks in Phase 1 that she will provide to me by Friday.

Tomorrow I'd like to talk about the data processing costs that are currently only costed in Phase 2. Please give me a call in the morning if you can.

Thanks,
Valerie
